

Olsen RV Park assignments, Fall 2023 processes

Recipients: Fall 2022 Olsen RV Park season parking pass holders

As a loyal Fightin' Texas Aggie football fan and parking patron, the option to renew your Olsen RV Park season pass for the fall 2023 season will open February 2 – March 2, 2023.

Transportation Services, in partnership with the 12th Man Foundation, are implementing a change to the space assignment process for Olsen RV Park on home football game weekends next year.

Customers who currently have 2022 football RV season parking passes in Olsen RV Park will be “grandfathered” into their agreements with Transportation Services for renewal of their spaces. As an existing customer, you will not lose your space assignment.

Beginning for the fall 2023 football season, **vacant spaces** in Olsen RV Park will be awarded by the 12th Man Foundation based on their [Aggie Access Priority Point](#) Program. This change is in alignment with the RV parking pass assignment process followed by most members of the Southeast Conference and other universities with loyal fan bases. Please note, other Texas A&M University managed RV parks are not included in this change.

Transportation Services' customers who have 2022 football RV season parking passes for Olsen Park, and continue to meet the requirements of the [attendance policy](#), will be eligible to renew with Transportation Services each year hereafter and be exempt from participating in the 12th Man Foundation's priority point program.

Transportation Services' customers who currently have RV season passes in a different lot may request to move to an available space in Olsen RV Park for the fall 2023 football season through the 12th Man Foundation football renewal process. Space assignments are based on the priority point program.

Both Transportation Services and the 12th Man Foundation value your support of the Fightin' Texas Aggies. As we move forward with this transition, know we remain committed in providing the experiences you cherish as an Olsen RV Park season pass holder.

Please contact AJ Wolf at awolf@tamu.edu for any questions you may have about this transition or your current space designation status.

Thank you for your business!
